RUTHERGLEN'S FIRST VINES WERE PLANTED IN THE 1850'S

MUSCAT OF RUTHERGLEN

Few wines can elicit a response on first tasting quite like Muscat of Rutherglen. The first sip is a memory that stays with a wine lover for life. A rich, decadent and complex fortified wine made with care and craft, Rutherglen's famous muscat is a global icon. Many of our wineries have stocks going back over 50 years, with wines tended by multiple generations of the same family. It's a truly unique wine that can't be found anywhere else in the world, so make sure you try it at one of our wineries!

DOMINANT FLAVOURS

DURIF OF RUTHERGLEN

Durif is a rare red grape variety brought to Rutherglen from the south of France in 1908. Our climate is perfect for growing this variety, and you'll find a wine made from Durif at each of our cellar doors. Often a complex, brave and expressive red wine, yet can be crafted into a diverse range of styles to suit a variety of palates and preferences. It's a unique and special variety that is truly at home in Rutherglen soils.
